

Summer 2024 Boston Logan Airport

The following parking plan for the 2024 summer camp travel has been approved for the American Camp Association, New England to assist with movements at Boston Logan Airport (BOS).

Camps must have a permit. You can download it from acanewengland.org/bos or by emailing bud@acanewengland.org.

Terminals A&B DEPARTURES: Please note, if you are sending campers/staff in a school bus, coach charter, or similarly sized large vehicle, you will see instructions directing those vehicles to use the ARRIVAL level for departures due to current, vehicle weight restrictions. THESE WEIGHT RESTRICTIONS DO NOT APPLY TO NORMAL CAMP VANS. As always, please follow all posted signs and check massport.com/logan-airport for the most current updates.

Parking will be permitted for the Jeffries St. Limo lot (40 Tomahawk Dr. East Boston, MA 02128). Please place your ACA sign in the front window.

All drivers will have photo ID's and a copy of these instructions with them. Under no conditions will curbside parking be allowed. As terminal pick up space is limited, please wait until all campers have arrived before pulling up to the curb for loading.

The camps will notify the airlines in advance of arrivals and departures for gate passes if needed.

Campers will be advised of all TSA traveling requirements, especially about medications and liquids.

For any issues or problems, drivers will contact the Ground Transportation Operations Center 617-568-7903. For urgent issues, the State Police will be contacted immediately.

Please contact Bud Copeland at ACA, New England with any questions 781-996-3376

All media requests should be directed to ACA, New England 781-541-6080.

A reminder when picking up / dropping off campers at Logan Airport.

Make sure one staff member stays with the vehicles while in the Jeffries St. Limo lot. If you have two vehicles, one staff member can stay with both vehicles, while the other staff member goes into the airport with the campers.

ANY VEHICLE LEFT UNATTENDED AT ANY OF THE TERMINALS WILL BE TICKETED AND TOWED. ANY VEHICLE LEFT UNATTENDED IN THE LIMO POOL WITHOUT A PARKING PERMIT WILL ALSO BE SUBJECT TO TICKET AND TOW.

****Please instruct drivers of oversized vehicles to avoid the parking garages. ****
